

COUNTY OFFICIAL ONLINE LEARNING NETWORK

SERIES TWO SYLLABUS

The objective of series one is to provide a broad overview of the purpose, structure and funding of county government as well as provide an overview of leadership principles intrinsic to county governance.

Learners will access an online learning management system to watch videos and read materials from professors as well as county and state officials at their own pace through the week of learning. In addition, there will be opportunities for online discussion forums with other learners and a one hour live webinar with the professor at the end of each week. The time commitment for learners will be three to five hours each week.

April 12th-17th, 2021
